College Students Brand a New-comer With a Red Hot Seal of Acceptance.

SAM ARCHER.

He Dangles at Shoals This Afternoon.

SHOALS, Ind., July 9.—Sam Archer was hanged at 1:13 this afternoon.

Sam Archer was convicted of murder in the first degree, last January, being charged with complicity in the brutal murder of Samuel Marley on the 11th of July 1882. The Archers, John Lynch and D. Crane, having banded together to kill Sam Marley, who had killed Matt Archer, suspected Banach of hiding Marley. They decoyed him into the woods, took him to a cave and killed him. Fearing the discovery of the body, they took it out and burned it, falling a tree on the ashes. The deserted wife of John Archer, gave the first clue to the murder and Lynch confessed. Three of the Archer's were lynched last March.

ANOTHER HANGING.

NEW YORK, July 9.—Miguel Chacon, a young Cuban negro, who killed his paramour while attempting to kill her husband, was hanged at 7:40 o'clock morning, in the yard of the Tombs prison.

BRUTAL STUDENTS

They Initiate a Greenhorn Into Their Secret Society.

ALLIANCE, O., July 9.—F. M. Marshall, of Stark county, Ohio, on his first term in the Mount Union college, of this city, expressed a desire to become a member of secret societies. He was taken to an unused building, where, in the presence of twenty or thirty persons, he was put through a pretended initiation, brutal in its character and ending with branding the fraternity emblem on his back. The perpetrators will be expelled when discovered.

COX WILL RESIGN.

His Mission to Turkey not a big Success.

WASHINGTON, July 8.—It is now considered certain that Minister Cox will shortly resign his mission to Turkey and return to congress from one of the New York City districts this fall. A letter received by a prominent member of the house from Cox is confirmatory. The man most mentioned here as his successor is Guyarre, of Louisiana, if it goes outside of New York.

Business Failures.

NEW YORK, July 9.—Messrs. J. and A. Beall & Co., extensive operators in cotton, whose suspension was reported a short time ago, have resumed.

NEW YORK, July 9.—The business failures during the last seven days in the United States were 159 and in Canada 20.

Forest Fire.

MR. WASHINGTON, N. H., July 9.—The forest fire in New Zealand valley is still burning. It is reported that eight houses have been consumed, besides a large amount of out wood. It is impossible to put the fire out until there is a rain. The loss is estimated at \$80,000.

A Slim Funeral.

NEW YORK, July 9.—The bodies of Max Weiner, the murderer and suicide, and the victim, his fourteen-year-old boy, were removed from the undertaker's to-day and interred in New York Bay cemetery. No services were held and no relatives or friends were present.

The Ohio Falls iron works and railroad of New Albany has resumed operations.

"GLADSTONE HEIGHTS."

A Syndicate of Fort Wayne Capitalists Invest \$200,000 in Kansas City Property.

The Hon. Wm. Fleming has returned from Kansas City, where he went as the representative of a syndicate recently organized to conclude an extensive purchase of land. The syndicate was formed by Sam Morse, of the Chicago Times, and includes Hon. Wm. Fleming, Barney O'Connor, E. F. Carry and Hon. R. C. Bell, of this city, James Lillie, of Kankakee, Ill., John R. Hoagland and S. E. Morse, of Chicago, and several Kansas City gentlemen, including E. L. Cothrell and Capt. I. d'Isay, formerly of this city. The syndicate has organized under the laws of Missouri as a stock company, with the name of the Fort Wayne land company. The president is Barney O'Connor; secretary and treasurer, E. F. Carry; board of directors, Messrs. Fleming, Carry and O'Connor, of Fort Wayne, James Lillie, of Kankakee, and Mr. Fillmore, of Kansas City. The purchase just completed comprises sixty acres, on Independence avenue, immediately east of the eastern limits of Kansas City, for which \$200,000 was paid. It was made through Captain d'Isay, and the land will be at once platted into an addition of 160 lots and put upon the market. The addition will be known as "Gladstone Heights" in honor of England's great premier, and the syndicate expects to close it out within a year, at a net profit of over \$100,000.

It is seen at once that this money is not taken out of Fort Wayne to stay, but for a speculation that is expected to return it to its channels' increased one half.

HON. OCTAVIUS WATERS.

Father of Mr. Tom Waters, Dies at Delta, Ohio.

The friends of Mr. Tom B. Waters, whose frequent visits here made him almost a resident, will regret to hear of the death of his father at Delta, Ohio, yesterday. A telegram to the Toledo Bee says: "Hon. Octavius Waters died at midnight last night in the sixty-fourth year of his age. He has been a resident of Delta since 1850, and was extensively known not only in Northwestern Ohio, but throughout the state. He was admitted to the bar in 1856, was appointed deputy provost marshal in 1877, and afterwards appointed by Governor Tod to look after sick and wounded Ohio soldiers, serving thus to the end of the war. He was one of the escort at the funeral of Abraham Lincoln, was representative in the Ohio legislature from 1864 to 1866, and a presidential elector on the Grant ticket in 1868, and again on the Garfield ticket in 1880. The funeral will take place next Saturday at 1:30 p. m., at Delta, under the auspices of the Masonic fraternity."

ISLAND PARK.

The Coming Assembly and Its Attractive Features.

The Island Park assembly opens at Rome City July 20, and continues until August 6. The assembly program for the days of the institute will be very interesting, including besides the music and other attractions, lectures by Rev. T. DeWitt Talmage, Rev. Sam P. Jones, Dr. Washington Gladden, the Bill Nye and J. Whitcomb Riley entertainment, together with the fascinating illustrated scientific lectures of Prof. D. S. Holman.

A series of meetings of special interest to farmers will also be conducted at Island Park assembly. The series will open Tuesday morning, August 3d, and continue through the forenoon of the days succeeding, until the close of the assembly. J. W. McGregor, of Oxford, Ohio, a leading member of the famous Oxford Farmers' club, will conduct the institute. He comes thoroughly prepared for the work he undertakes.

The News That is Culled for the "Sentinel" Readers.

The public test of the Warsaw water works will be made on Tuesday July 20. Col. Comegys, of New York, having fixed that day.

The three-year-old son of Thomas MacKey, of Logansport, was drowned in two feet of water yesterday while attempting to wade across the Wabash.

The gas well, which is being bored at Lexington, has reached a depth of 400 feet, and the flow of gas is very heavy. The company has leased all the adjacent lands, in order to prevent other wells being sunk in the same vein.

Mrs. Barney Vandevender, an estimable lady of Eugene, was found dead in bed yesterday morning. She had retired early last night apparently in good health. Her death is supposed to have been caused by heart disease.

The Wabash Plaindealer says that A. G. Wells, the gentleman who built the Cincinnati Wabash and Michigan railway, obtained judgment Saturday week ago at Hartford City for \$10,000 against the guarantors of the Narrow Gauge railway.

The Grant county delegation to the republican state convention will present the name of A. M. Baldwin as a candidate for the nomination of secretary of state. Mr. Baldwin served two terms as recorder of Grant county, and made a good record.

David Fisher, living ten miles west of Marion, brained himself last Tuesday while splitting rails, his man coming loose and striking him on the head. This is another warning to those who persist in earning their bread by the sweat of their brow.

A valuable self-binder belonging to Moses Arnold, of Disko, Wabash county, was burned by incendiaries, who piled sheaves of wheat over the machine and fired them. The work is supposed to be that of persons opposed to the use of labor-saving machinery.

Early yesterday morning a freight train going south on the L. P. and C. railroad, while running through Miami-town struck and instantly killed Mrs. Rush Dye. She was insane, and unknown to her husband had left the house and sat down on the track.

John P. Irish, editor of the San Francisco Alta, having been mentioned as a candidate for lieutenant governor, responds through this eminent Irish fashion: "He feels too much respect for an office great enough to have been filled by John Daggett to wish that it should fall upon a fellow about whom he knows so many things that won't bear discussion. Therefore he wishes to say he is not a candidate. Mr. Irish has spoken in Fort Wayne."

The Lafr house at Lafayette had a narrow escape from being burned on Monday night. A traveling man attempted to light the gas in one of the rooms when the fixtures gave way, filling the room with gas. He rang the bell for a boy, who lit a match in the hall and caused the flow of gas to take fire, but the traveling man, seeing the danger, took a pillow from the bed and held it over the broken pipe until it could be plugged.

A fire broke out last evening in the oil room of the large table-leg, saw and planing mill establishment of Hurd & Co., situated near the Wabash railway track, near Kokomo. In a few minutes the flames had spread to the upper Wabash depot, which, through the heroic efforts of the fire department, was partially saved. The mill, with its contents was entirely destroyed, together with a large amount of lumber, table-legs and wagon felloes and several freight cars belonging to the Wabash railway. The loss is estimated at \$25,000, without a dollar of insurance. The firm of Hurd & Co. run one of the largest manufacturing establishments in that city, and the fire has thrown 100 men out.

MINNEAPOLIS, Minn., July 9.—The postoffice was broken open last night and robbed of \$20,000 in money and stamps. No clue.

A TEST!

The Pension Vetoes Are Referred.

After Mr. Grosvenor Relieves Himself of a Venomous Tirade Against President Cleveland

Matson Came Calmly to the Rescue, But Sentiment Was for the Widow.

THIS IS WAR.

The Pension Question is Handled Fiercely.

WASHINGTON, July 9.—In the house, immediately after the reading of the journal, the speaker announced the regular order was the vote on the demand for the previous question on the motion to refer to the committee on invalid pensions the message of the president vetoing a bill granting a pension to Sally Ann Bradley.

Amid a great deal of confusion Mr. Burrows, of Michigan, on the part of the republicans and Mr. Matson, of Indiana, representing the democrats, endeavored to come to some arrangement to prevent time being frittered away with roll calls. Finally it was agreed that the demand for the previous question be withdrawn, and that Mr. Grosvenor be allowed fifteen minutes to oppose the motion, to refer with permission to some democrat to reply if he desired.

Mr. Grosvenor said he desired to heap no recrimination or condemnation upon the president for his veto messages. They were caused by total misapprehension on the part of the president of his relation to the administration of the government. He (Grosvenor) had read all vetoes coming from that prolific source of vetoes. He thought the trouble was with the president that he thought it was his duty to examine carefully every act of congress, and if he, as a member of congress, would not vote for the bill he gave no sort of consideration or weight to the fact that the legislative branch of the government had acted upon it. The president acted upon the idea that the executive had a right and it was his duty to decide absolutely every question. Another idea of the president's was that no private act should be approved unless there was a law authorizing it, wholly oblivious to the fact that congress was the law making power and had a right to confer pensions on anybody.

Mr. Grosvenor detailed the facts of the special bill under consideration and commented on the fact as he asserted that the president had approved the Fitz John Porter bill on the very day that he had vetoed the bill granting a pension to Sally Ann Bradley, the mother of four sons, two of whom died on the battle field and two who were in the hospital disabled. Fitz John Porter would go on the pension roll while Sally Ann Bradley would go to the poor house, and this was the government he understood to say that was dealing generously and liberally with its soldiers. The house was paralyzed and terrified by the veto of a single man, a proposition tyrannical in the direction of absolute usurpation, in the direction of turning from its normal position the congress of the United States and turning over the administration of the generosity of the government to one man. (Applause on the republican side.)

Mr. Matson merely replied that he just learned that in the forty-seventh congress a republican committee of the senate had reported that the woman ought not to be pensioned. (Applause on democratic side.)

Mr. Long, of Massachusetts, suggested that at that time the woman had a husband who was in receipt of a pen-

sion bill, and the message was then referred—yeas, 122; nays, 111.

SENATE.

In the senate Mr. Sewell, from the committee on pensions, presented a report in the case of the vetoed bill granting a pension to Margaret D. Marchard, a widow of Commodore Marchard. The committee repeats its former report in the case, and recommends the passage of a bill over the president's objections. Referred.

Mr. Hoar offered a resolution calling on the president for information as to the seizure of detained American vessels, the causes therefore and the efforts for redress. The resolution went over.

The president has vetoed a bill providing for a public building at Dayton, Ohio. He does not think the public business large enough to warrant the expenditure.

A Card From T. J. Deagen.

EDITOR OF THE SENTINEL:

DEAR SIR:—Will you kindly publish the following in correction of an article which appeared in the News of the 2d inst., and which seems to have gone on the minds of the press, stating that I had run away, etc. Allow me to state that I have not and do not intend to run away, and if I did I think I would have been very foolish to tell any one as I did, when I started on my visit. I have always been a gentleman and I think my host of friends and my late employers will testify as to being all that is in the term of a gentleman.

T. J. DEAGEN.

Bennett Swayne, who works at the Wabash freight house, was arrested to-day for criminal intimacy with his fourteen year old niece, Mattie Kelley. Swayne is an old man, fifty years or more, and he has a fat wife. It is hard to believe the charge, although Peter [Sessler] testifies pointedly to the awful accusation and Justice Ryan will decide the matter to-morrow. Swayne is under bond of \$500.

WHEAT!

Pitched Heavily on the Market.

Striking Illinois Miners Preparing to Resist Imported Negro Workmen from Kentucky.

Compulsory Silver Coinage is Denounced as a Failure by Metallists.

UNLOADING.

Big Bunches of Wheat Thrown on the Market.

CHICAGO, July 9.—Large bunches of wheat were thrown on the market early to-day by one firm who were unable to meet the call for margins, and under this pressure the August delivery dropped off to 78½, but rallied under good buying to 79½ and is now quoted at 79½.

NEGRO MINERS'

Imported to Take the Place of Strikers.

DANVILLE, Ill., July 9.—The striking miners of Grape Creek are still in a state of intense excitement over the report that negro miners are to be imported from Kentucky to take their places and it is the intention to keep substitutes from going to work. The negroes will arrive to-day. Sheriff Tuttle has thirty-five deputies at the creek who are under orders to quell any disturbance.

SILVER COINAGE.

The International League Meets at Cincinnati.

CINCINNATI, July 9.—The International Metallist league, Hon. Wm. S. Groesbeck, presiding, has adopted resolutions declaring the compulsory coinage of silver as a measure to restore silver to its old historic position, a demonstrated failure, and asking that it be suspended, waiting the concurrent action among great commercial nations to restore gold and silver to their proper places, as full legal tender with free coinage.

English Elections.

LONDON, July 9.—The Times thus sums up the results of the elections: "Gladstone's passionate appeals to the credulity and confidence of the people have fallen on deaf ears this time. The Irish American conspiracy has failed."

Was He Killed.

INDIANAPOLIS July 9.—Amos Bish a patient from Miami county at the state insane hospital here, died in April, and when taken home his neck and leg were broken and other portions of the body bruised. The hospital records show that he died from exhaustion, and that he was there about ten days. The attendants deny that he received any ill treatment, but their stories do not agree. Superintendent Fletcher will have the body exhumed at his own expense and a post mortem held. Drs. Newell and Ridenour, and Rev. Hoffman, all Miami county citizens, testify to the condition of the corpse as explained in the foregoing when received here.

A LITTLE SUFFERER

Cleansed, Purified, and Beautified by the Cuticura Remedies.

It affords me pleasure to give you this report of the cure of our little grandchild by your Cuticura Remedies. When six months old his left hand began to swell and had every appearance of a large boil. We noticed it, but all to no purpose. About five months after it became a running sore. A soon other sores formed. We then had two of them on each hand, and as his blood became more and more impure it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive. His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old, when I undertook the care of him, his mother having died when he was a little more than a year old, of consumption (he was of course). He could walk a little, but could not get up if he fell down, and could not move when in bed, having no use of his arms or legs. I immediately commenced with Cuticura Remedies, using the Cuticura and Cuticura Soap freely, and when he had taken one bottle of the Cuticura Resolvent, his head was completely cured, and he was improved in every way. We were very much encouraged, and continued the use of the remedies for a year and a half. One sore after another healed, a bony matter forming in each one of these five deep ones just before his head was healed. Finally grew loose and were taken out; then they would heal rapidly. One of these ugly bone formations I preserved. After taking a dozen and a half bottles he was completely cured, and is now, at the age of six years, a strong and healthy child. The scars on his hands must have remained; his hands are strong, though we once feared he would never be able to use them. All that physicians did for him did him no good. All who had seen the child before using the Cuticura Remedies and see the child now consider it a wonderful cure. If the above facts are of any use to you, you are at liberty to use them.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter debiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy; to feel a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But the who have tried many medicines and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for \$1.00. POTTER DRUG & CHEMICAL CO., BOSTON.

When the Wabash company surrendered possession of the Toledo, Peoria and Western railway, one of their leased lines, the receivers, Humphrey and Tutt failed to account for several freight cars which were missing. Yesterday Judge Gresham entered an order on the receivers to pay over within ten days to Brown and Paton, the trustees under the Toledo, Peoria and Western first mortgage, \$3,028.29, the admitted value of the destroyed rolling stock.

The time for signing the agreement terminates on September 1.

FRANK HAKE.

The Successful Beer Agent Makes a Big Out in Prices.

Mr. Frank Hake is an invalid, but he is alive to business and from an arm chair or out directs his business at his brewing, bottling and mineral works on Wells street. He has an immense establishment there. He employs fifteen assistants, maintains a big stable of horses and operates a half dozen wagons. "I do this right in the city," said Mr. Hake. "I live here and my money goes into circulation here. I pay city taxes as well as county taxes and I believe I can honestly ask people to patronize such home industry."

At present Mr. Hake can not get around to see all his friends, but he does not forget them and as a substantial reminder that he is on top, this great out in the price of beer is announced:

F. Hake & Co. now receives daily large shipments of the celebrated Mt. Wanksee, Cincinnati and Niagara Lager Beer which they will deliver to any part of the city at the following prices:

	Keg.	Per dozen.
Schlitz Milwaukee,	\$2.00	\$1.00
Webber's Cincinnati,	2.00	1.00
Niagara,	2.25	1.15

Out of town orders respectfully solicited and shipment by express made promptly. These celebrated brands need no recommendation. Order by mail, telephone or telegram.

F. HAKE & CO.,
Fort Wayne, Ind.

Mr. Hake has an immense ice house, special transportation cars and all the facilities for presenting the malt liquors to his Fort Wayne patrons as fresh and foaming as they can be had in the cities named. He handles nothing but first-class beer; it is his belief that people who buy want nothing else. Mr. Hake is also making a specialty of mineral waters, and altogether he is in splendid shape to supply the trade and meet competition, with better beer, better prices and plenty of both. Frank Hake & Co. deliver their goods promptly and pleasantly free of cost and such an institution always commands strength and patronage.

Dr. A. Bath is quite ill and cannot attend to his business for some time.

The pain and misery suffered by those who are afflicted with dyspepsia are indescribable. The distress of the body is equalled or surpassed by the confusion and tortures of the mind, thus making its victims suffer double affliction. The relief which is given by Hood's Sarsaparilla has caused thousands to be thankful for this great medicine. It dispels the cause of dyspepsia, and tones up the digestive organs. Try Hood's Sarsaparilla.

THE FRENCH EXILES.

PORTRAITS OF THE PRINCES WHO WERE BANISHED FROM FRANCE.

Calumination of a Threatened Danger to Our Troubled Sister Republic—The Princes Are Expected to Visit This Country.

Uneasy lies the head that has any aspirations for the throne of France, and restless, also, seems to be the republican form of government which it was expected would be sufficiently oily to quiet the troubled waters of French politics for all time. Looking at it from this distance, it does seem as if the government of France was not overburdened with popular approval, or its supporters would not be disturbed by the presence of a couple of representatives of what is believed to be effective methods of government. The three parties considered most dangerous to the republican form of government are the representatives of the Orleanist, Monarchist and Bourbon families. These facts are so antagonistic to one another as to prefer even anarchy to the success of the other.

The Orleanist party is rich, but not very numerous, and far from active. The Monarchist party is in favor of a king by divine right, but has none to go to. The members of this party have been brought up to hate and despise the house of Orleans, yet the elder branch having fallen, the hated head of that family is also the heir of Henry V and of all their kings. They prefer the republic, prefer anything to having the grandson of Louis Philippe and the great-grandson of "Louis Egalite" profane the throne of St. Louis.

The strongest party, the Bonapartists, want an emperor, but as much in the same position as the Monarchists. The heir of the great Napoleon is the hated Plon-Plon, the most unpopular man in all France. Besides this, it is objected, his father married a German princess, he an Italian. Many ardent Imperialists say that they can even place no hopes in the sons of a man like that until they have proven themselves possessed of the virtues that endeared the founder of their family to the French. Had the young son of Napoleon III lived, they say he would surely have been the emperor; but he brave, handsome boy went to his death in Zululand to gain a little glory, and by his last acts endeared his memory to the hearts of his countrymen.

Nevertheless the French senate adopted a law on June 22 for the "expulsion of the princes." It is brief and as follows:

Art. 1. The territory of the republic is and shall remain interdicted to the chiefs of the families that have reigned in France, and to their direct heirs in the order of primogeniture.

Art. 2. The government is authorized to interdict the territory of the republic to the other members of these families. Such interdiction shall be pronounced by a decree of the president of the republic, issued in council of the ministry.

Art. 3. Whoever in violation of the interdiction, shall be found in France, in Algeria, or in the colonies, shall be punished by imprisonment for from two to five years. At the expiration of his sentence he shall be taken again to the frontier.

Art. 4. The members of the families that have reigned in France cannot enter the army or navy, or exercise any public function, or hold any elective office.

The four persons immediately affected by the law are those whose portraits are given herewith: The Comte de Paris and son, the leads of the Orleansists, and Prince Napoleon and son, the representatives of the Bonaparte family.

The Comte de Paris, who served during our civil war in the army of the Proconsul, has already been a cabined invitation to come over by some of his old army comrades, and it is fully expected that he will read, and the count has made friends on this side of the Atlantic, and his literary labors in the revision of his history of the civil war would be facilitated by coming here.

The young Duc d'Orleans is 17 years of age. He has grown much of late years. His face is intelligent and full of resolution and vivacity, and his dark eyes look you full in the face with many frankness. He has a resolute and decided disposition. He is an indefatigable walker, an excellent fencer, swimmer and rider, and a remarkably good shot. He speaks correctly and fluently four or five languages.

Prince Jerome Napoleon has expressed himself on several occasions during the past few years as anxious to come to this country, and without doubt avail himself of the excellent opportunity for traveling offered by a forcible expulsion from France. Prince Jerome is in his every taste and characteristic as different from the first Napoleon as one man can be from another. His cowardice made him cut such a ridiculous figure during the Crimean war that the sobriquet of Plon-Plon he won then has stuck to him ever since. He takes after the founder of his family in but one respect, his personal appearance. Of this resemblance Prince Jerome is very proud; he is rather taller than the "little corporal," and is just about as fishy as his famous uncle was in his latter years. His checks and lips are closely shaven, and his features large and rather handsome. No one who is familiar with the pictures of Napoleon I would fail to recognize his lineaments in the face of his heir.

Both of the sons of Prince Napoleon may come to this country when they are expelled, and it is certain that Prince Victor, who is now making a tour of the world will be here soon.

Several republican journals, while insisting on the execution of the law in regard to the princes, now demand that the ministry shall show the same energy in dealing with the Anarchists and enemies of public order which it has displayed toward the royal pretenders.

GEN. FITZ JOHN PORTER

The Celebrated Case of This Country Settled at Last.

Twenty-three years ago this summer a court martial convened at West Point, ordered that Maj.-Gen. Fitz John Porter be cashiered and dismissed from the United States army. He was further disqualified from holding any position under the United States government. This severe sentence was passed at a time when the affairs of the union were so critical that men did not always act with cool judgment. The offense alleged was disobedience of the orders of Gen. John Forst at Manassas Junction, Aug. 28 and 29, 1862. He failed to support Pope's movements. President Lincoln appointed Porter the sentence, so did Secretary of War Stanton; so at that time did Gen. Grant.

Years afterwards, however, Gen. Grant and many others changed their minds on the question. There are those who do not hesitate to say that others higher in office than Gen. Porter deserved disgrace and even death at that time, if anybody did. It has been said, indeed, that half the important officers of the army deserved to be shot for their incapacity during the first years of the war. The real reason for Porter's negligence was that there was a ring of eastern officers devoted to Gen. McClellan who were determined that no western man should be the general of the army. If Pope succeeded he, coming from the west, would at once become the rising man of the hour. Therefore, he was not supported with alacrity.

Such pitiful jealousies and criminalizations and recriminations look very contemptible now in the great light that the tremendous events of those years have thrown upon the civil war. But that such feelings did exist abundantly is itself part of the history of the war. Gen. Porter's case will be settled by every man according to his own beliefs and prejudices.

Certain it is that he was a gallant officer and soldier aside from this event. He was born in 1822 in New Hampshire, graduated at West Point in 1845, went through the Mexican war with distinguished bravery, and was in many battles of the early part of the civil war. He was a colonel in the regular army, and a major general of volunteers.

From the time of receiving his heavy sentence twenty-three years ago Gen. Porter has never ceased his efforts to have it recalled. The case is as celebrated as that of Jarrydce and Jarrydce in Dickens. He was a young, strong man when it was passed. He is now gray-haired and old. He has said he did not care on his own account, but because of his children. He did not wish to put him on the regular retired list of army colonels. Gen. Porter is one of the police commissioners of New York city.

A GEORGIA candidate must be a slippery person. A distinguished stump orator in that State the other day—meaning the opposition candidate, as a matter of course—said: "After a man announces himself as a candidate for office I attach very little importance to his verbal or written utterances and declarations. Candidates have a strong tendency to inquire the opinions which you entertain upon certain subjects before they express their own opinions. Candidates are inclined to place themselves in perfect accord with the popular idea, whatever that idea may be, so that you can rarely ascertain the true sentiments and opinions of any man after he becomes a solicitor for your aid and support."

The president of the Cambridge, Mass., Fire Ins. Co., recommends Hood's Sarsaparilla as a building up and strengthening remedy.

The people as a general thing, do not
appreciate base ball in small towns,
this is the experience of the Fort Wayne
"Mets."

To-morrow is pay day at Bass and
Murray's foundries and also at the estab-
lishment of the Horton Manufacturing
company.

Joseph Druhot and Flora Perrett have
been licensed to wed. Justice Ryan tied
the knot last night and the happy couple
are housekeeping.

The funeral of J. J. Leifels occurred
this morning from the cathedral and was
very largely attended. The City band
led the cortege, as THE SENTINEL sug-
gested.

Miss Belle Mason, of this city, accom-
panied by her brother, David Mason,
and his wife, went to Chicago yesterday,
where she got married to a wealthy gen-
tleman of Milwaukee.

mining company held a meeting at the
New Old national bank parlors this af-
ternoon to award the contract to sink a

from Portland, Ind., to Rome City,
passed through here this morning on
the Grand Rapids road. They were ac-
companied by a splendid band of music.

Portland.

Bookwalter, who manages to work
himself into a rage over everything dem-
ocratic and every political item published
in a democratic paper, rushes the Ga-
zette into a controversy with THE SEN-
TINEL over Dr. John Seaton. Dr. Sea-
ton informed THE SENTINEL just what
we stated yesterday and he will not deny
it.

Up near Kendallville things are in-
creased. The News of that village says:
"A tramp threw a conductor off of a

on until the brakemen missed the con-
ductor and then backed up for him, ex-
pecting to find him all mangled up, but
he was all right."

be below the shaft; and when completed
shall be worth \$10,000, and not cost
more than that sum; all designs shall be
submitted on the 2d day of August.

The Logansport Journal says: "City
Attorney Myers gives it as his opinion
that it is not in the power of Hon. A. H.
Hamilton, of Fort Wayne, to enjoin the
city from extending the water mains to
the South Side, so long as the mains are
confined to the streets of the city. It is
not thought that Mr. Hamilton will set
up a claim to the streets on the South
Side, although such a claim would not
startle any one. The improvement will
go on and the Fort Wayne gentleman
will have an opportunity of showing his
hand."

The greenback convention of the

Is Strung Up For a Brutal Murder.

The Last of the Brothers Pays the Penalty for the Crime Which is Detailed.

College Students Brand a New-comer With a Red Hot Seal of Acceptance.

SAM ARCHER.

He Dangles at Shoals This Afternoon.

SHOALS, Ind., July 9.—Sam Archer was hanged at 1:13 this afternoon.

Sam Archer was convicted of murder in the first degree, last January, being charged with complicity in the brutal murder of Samuel Marley on the 11th of July 1882. The Archers, John Lynch and D. Crane, having banded together to kill Sam Marley, who had killed Matt Archer, suspected Banach of hiding Marley. They decoyed him into the woods, took him to a cave and killed him. Fearing the discovery of the body, they took it out and burned it, falling a tree on the ashes. The deserted wife of John Archer, gave the first clue to the murder and Lynch confessed. Three of the Archer's were lynched last March.

ANOTHER HANGING.

New York, July 9.—Miguel Chacon, a young Cuban negro, who killed his paramour while attempting to kill her husband, was hanged at 7:40 o'clock morning, in the yard of the Tombs prison.

BRUTAL STUDENTS

They Initiate a Greenhorn Into Their Secret Society.

ALLIANCE, O., July 9.—F. M. Marshall, of Stark county, Ohio, on his first term in the Mount Union college, of this city, expressed a desire to become a member of secret societies. He was taken to an unused building, where, in the presence of twenty or thirty persons, he was put through a pretended initiation, brutal in its character and ending with branding the fraternity emblem on his back. The perpetrators will be expelled when discovered.

COX WILL RESIGN.

His Mission to Turkey not a Big Success.

WASHINGTON, July 8.—It is now considered certain that Minister Cox will shortly resign his mission to Turkey and return to congress from one of the New York City districts this fall. A letter received by a prominent member of the house from Cox is confirmatory. The man most mentioned here as his successor is Guyard, of Louisiana, if it goes outside of New York.

Business Failures.

New York, July 9.—Messrs. J. and A. Beall & Co., extensive operators in cotton, whose suspension was reported a short time ago, have resumed.

New York, July 9.—The business failures during the last seven days in the United States were 159 and in Canada 20.

Forest Fire.

Mr. Washington, N. H., July 9.—The forest fire in New Zealand valley is still burning. It is reported that eight houses have been consumed, besides a large amount of cut wood. It is impossible to put the fire out until there is a rain. The loss is estimated at \$60,000.

A Still Funeral.

New York, July 9.—The bodies of Max Weiner, the murderer and suicide, and the victim, his fourteen-year-old boy, were removed from the undertaker's to-day and interred in New York Bay cemetery. No services were held and no relatives or friends were present.

The Ohio Falls iron works and rail-mill of New Albany has resumed operations.

"GLADSTONE HEIGHTS."

A Syndicate of Fort Wayne Capitalists Invest \$200,000 in Kansas City Property.

The Hon. Wm. Fleming has returned from Kansas City, where he went as the representative of a syndicate recently organized to conclude an extensive purchase of land. The syndicate was formed by Sam Mores, of the Chicago Times, and includes Hon. Wm. Fleming, Barney O'Connor, E. P. Carry and Hon. R. C. Bell, of this city, James Lillie, of Kankakee, Ill., John R. Hoagland and S. E. Mores, of Chicago, and several Kansas City gentlemen, including E. L. Colthrell and Capt. I. d'Isay, formerly of this city. The syndicate has organized under the laws of Missouri as a stock company, with the name of the Fort Wayne land company. The president is Barney O'Connor; secretary and treasurer, E. P. Carry; board of directors, Messrs. Fleming, Carry and O'Connor, of Fort Wayne, James Lillie, of Kankakee, and Mr. Fillmore, of Kansas City. The purchase just completed comprises sixty acres, on Independence avenue, immediately east of the eastern limits of Kansas City, for which \$200,000 was paid. It was made through Captain d'Isay, and the land will be at once platted into an addition of 160 lots and put upon the market. The addition will be known as "Gladstone Heights" in honor of England's great premier, and the syndicate expects to close it out within a year, at a net profit of over \$100,000.

It is seen at once that this money is not taken out of Fort Wayne to stay, but for a speculation that is expected to return it to its channels increased one half.

HON. OCTAVIUS WATERS, Father of Mr. Tom Waters, Dies at Delta, Ohio.

The friends of Mr. Tom B. Waters, whose frequent visits here made him almost a resident, will regret to hear of the death of his father at Delta, Ohio, yesterday. A telegram to the Toledo Bee says: "Hon. Octavius Waters died at midnight last night in the sixty-fourth year of his age. He has been a resident of Delta since 1850, and was extensively known not only in Northwestern Ohio, but throughout the state. He was admitted to the bar in 1856, was appointed deputy provost marshal in 1877, and afterwards appointed by Governor Tod to look after sick and wounded Ohio soldiers, serving thus to the end of the war. He was one of the escort at the funeral of Abraham Lincoln, was representative in the Ohio legislature from 1864 to 1866, and a presidential elector on the Grant ticket in 1868, and again on the Garfield ticket in 1880. The funeral will take place next Saturday at 1:30 p. m., at Delta, under the auspices of the Masonic fraternity."

Irish, editor of the San Francisco Alta, having been mentioned as a candidate for lieutenant governor, responds through this eminent Irish fashion: "He feels too much respect for an office great enough to have been filled by John Daggett to wish that it should fall upon a fellow about whom he knows so many things that won't bear discussion. Therefore he wishes to say he is not a candidate. Mr. Irish has spoken in Fort Wayne."

The Lafr house at Lafayette had a narrow escape from being burned on Monday night. A traveling man attempted to light the gas in one of the rooms when the fixtures gave way, filling the room with gas. A fire broke out last evening in the oil room of the large table-leg, saw and planing mill establishment of Hurd & Co., situated beside the Wabash railway track, near Kokomo. A TEST!

The Pension Vetoes Are Referred.

After Mr. Grosvenor Relieves Himself of a Venomous Tirade Against President Cleveland

Matson Came Calmly to the Rescue, But Sentiment Was for the Widow.

THIS IS WAR.

The Pension Question is Handled Fiercely.

WASHINGTON, July 9.—In the house, immediately after the reading of the journal, the speaker announced the regular order was the vote on the demand for the previous question on the motion to refer to the committee on invalid pensions the message of the president vetoing a bill granting a pension to Sally Ann Bradley.

Amid a great deal of confusion Mr. Burrows, of Michigan, on the part of the republicans and Mr. Matson, of Indiana, representing the democrats, endeavored to come to some arrangement to prevent time being frittered away with roll calls. Finally it was agreed that the demand for the previous question be withdrawn, and that Mr. Grosvenor be allowed fifteen minutes to oppose the motion, to refer with permission to some democrat to reply if he desired.

Mr. Grosvenor said he desired to heap no reprobation or condemnation upon the president for his veto messages. They were caused by total misapprehension on the part of the president of his relation to the administration of the government. He (Grosvenor) had read all vetoes coming from that prolific source of vetoes. He thought the trouble was with the president that he thought it was his duty to examine carefully every act of congress, and if he, as a member of congress, would not vote for the bill he gave no sort of consideration or weight to the fact that the legislative branch of the government had acted upon it. The president acted upon the idea that the executive had a right and it was his duty to decide absolutely every question. Another idea of the president's was that no private act should be approved unless there was a law authorizing it, wholly oblivious to the fact that congress was the law making power and had a right to confer pensions on anybody.

Mr. Grosvenor detailed the facts of the special bill under consideration and commented on the fact as he asserted that the president had approved the Fitz John Porter bill on the very day that he had vetoed the bill granting a pension to Sally Ann Bradley, the mother of four sons, two of whom died on the battle field and two who were in the hospital disabled. Fitz John Porter would go on the pension roll while Sally Ann Bradley would go to the poor house, and this was the government he understood to say that was dealing generously and liberally with its soldiers. The house was paralyzed and terrified by the veto of a single man, a proposition tyrannical in the direction of absolute usurpation, in the direction of turning from its normal position the congress of the United States and turning over the administration of the generosity of the government to one man. (Applause on the republican side.)

Mr. Matson merely replied that he just learned that in the forty-seventh congress a republican committee of the senate had reported that the woman ought not to be pensioned for the same reasons the president said he thought she ought not to be pensioned. (Applause on democratic side.)

Mr. Tong, of Massachusetts, suggested that at that time the woman had a husband who was in receipt of a pen-

sion bill, and the message was then referred—yeas, 122; nays, 111.

SENATE.

In the senate Mr. Sewell, from the committee on pensions, presented a report in the case of the vetoed bill granting a pension to Margaret D. Marchard, a widow of Commodore Marchard. The committee repeats its former report in the case, and recommends the passage of a bill over the president's objections. Referred.

Mr. Hoar offered a resolution calling on the president for information as to the seizure of detained American vessels, the causes therefore and the efforts for redress. The resolution went over.

The president has vetoed a bill providing for a public building at Dayton, Ohio. He does not think the public business large enough to warrant the expenditure.

A Card From T. J. Deagon.

Editor of the SENTINEL: DEAR SIR:—Will you kindly publish the following in correction of an article which appeared in the News of the 2d inst., and which seems to have gone the rounds of the press, stating that I had run away, etc. Allow me to state that I have not and do not intend to run away, and if I did I think I would have been very foolish to tell any one as I did, when I started on my visit. I have always been a gentleman and I think my host of friends and my late employers will testify as to being all that is in the term of a gentleman.

T. J. DRAGON.

Bennett Swayne, who works at the Wabash freight house, was arrested to-day for criminal intimacy with his fourteen year old niece, Mattie Kellon. Swayne is an old man, fifty years or more, and he has a fat wife. It is hard to believe the charge, although Peter Sessler testified pointedly to the awful accusation and Justice Ryan will decide the matter to-morrow. Swayne is under bond of \$500.

WHEAT!

Pitched Heavily on the Market.

Striking Illinois Miners Preparing to Resist Imported Negro Workmen from Kentucky.

Compulsory Silver Coinage is Denounced as a Failure by Metallists.

UNLOADING.

Big Bunches of Wheat Thrown on the Market.

CHICAGO, July 9.—Large bunches of wheat were thrown on the market early to-day by one firm who were unable to meet the call for margins, and under this pressure the August delivery dropped off to 78½, but rallied under good buying to 79½ and is now quoted at 79½.

NEGRO MINERS.

Imported to Take the Place of Strikers.

DANVILLE, Ill., July 9.—The striking miners of Grape Creek are still in a state of intense excitement over the report that negro miners are to be imported from Kentucky to take their places and it is the intention to keep substitutes from going to work. The negroes will arrive to-day. Sheriff Tuttle has thirty-five deputies at the creek who are under orders to quell any disturbance.

SILVER COINAGE.

The International League Meets at Cincinnati.

CINCINNATI, July 9.—The International Metallist league, Hon. Wm. S. Groesbeck, presiding, has adopted resolutions declaring the compulsory coinage of silver as a measure to restore silver to its old historic position, a demonstrated failure, and asking that it be suspended, waiting the concurrent action among great commercial nations to restore gold and silver to their proper places, as full legal tender with free coinage.

English Elections.

LONDON, July 9.—The Times thus sums up the results of the elections: "Gladstone's passionate appeals to the credulity and confidence of the people have fallen on deaf ears this time. The Irish American conspiracy has failed."

Was He Killed.

INDIANAPOLIS, July 9.—Amos Bish a patient from Miami county at the state insane hospital here, died in April, and when taken home his neck and leg were broken and other portions of the body bruised. The hospital records show that he died from exhaustion, and that he was there about ten days. The attendants deny that he received any ill treatment, but their stories do not agree. Superintendent Fletcher will have the body exhumed at his own expense and a post mortem held. Drs. Newell and Bidencour, and Rev. Hoffman, all Miami county citizens, testify to the condition of the corpse as explained in the foregoing when received here.

British Elections.

LONDON, July 9.—Up till 2 this afternoon 202 conservatives, 54 unionists, 133 Gladstonites and 67 Parnellites had been elected to the house of commons.

One Man Drowned.

CHICAGO, July 9.—The steam barge Hickox last night collided with and sank the barge Milwaukee. One of the crew is missing.

THE MARKETS.

New York, July 9.—Wheat, 1½¢ higher, moderately active; No. 2 red, August, 87½¢. Corn, a shade lower and dull; 40½¢-41¢. Oats, 1½¢ lower, 35¢-40¢.

CHICAGO MARKET.

CHICAGO, July 9.—Wheat, weak, but rallied sharply near the close, 80½¢. Corn, easy, 36½¢. Oats, easy, 23½¢.

A LITTLE SUFFERER

Cleansed, Purified, and Beautified by the Cuticura Remedies.

It affords me pleasure to give you this report of the cure of our little grandchild by your Cuticura Remedies. When six months old his left hand began to swell and had every appearance of a large boil. We noticed it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure it took less time for them to break out. A sore came on the chin, beneath the lower lip, which was very offensive. We immediately commenced with Cuticura Remedies, using the Cuticura and Cuticura Soap freely, and when he had taken one bottle of the Cuticura Remedies his head was completely cured, and the sores on his hands were deep ones just before healing, which would finally grow loose and were taken out when they would have healed. One of these ugly sores on his forehead was completely cured, and a half bottle he was completely cured, and is now, at the age of six years, a strong and healthy child. The scars on his hands and forehead are now completely healed. If the above facts are of any use to you, you are at liberty to use them.

May 9, 1886.

The child was really in a worse condition than he appeared in his grandmother, who, being with him every day, became accustomed to the disease.

Catarrhal Dangers.

To be freed from the dangers of catarrh while trying down to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from any ailment; to know that no poisonous, purgative water dries the throat and runs away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, work up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians' prescriptions have failed to find relief.

Sanford's Radical Cure meets every phase of catarrh, from a simple nasal cold to the most loathsome and destructive disease. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for \$1.00.

The city band talks of running an excursion to Niagara Falls.

The Grand Rapids road is building a new freight depot at Portland.

Mr. Frank Hake is rapidly regaining his health and will soon be out again.

The Barnum, Robinson and Rich shows are still circling about Fort Wayne.

Will Burroughs, of Chicago, is in the city, the guest of his uncle, Col. George Humphrey.

Miss Maudie Yonker, of Columbia City, is visiting Mrs. Dr. Gregg and Mrs. E. T. Davis.

T. F. Mack, wife of the Metropolitan, is at Cleveland. The United States revenue officers want Mack.

Seymour Boyd and Alf. Langley left to-day for Salina, Kansas, to engage in the service of Mr. J. K. McCracken.

Charles D. Olds has returned to this city from Denver and will again assume a position in the office of P. A. Randall.

The postoffice is an eye sore to a few people who write for the *Gazette* and some of the writers believe such stuff is news.

The impecunious Kyle Opera company was booked at Portland last night. It is not known whether the singers ride or walk.

Miss Emma Shoemaker, of the *American Farmer*, leaves this evening for Ellis, Kansas, where she will visit relatives for a few weeks.

The funeral of the late Mr. W. G. Minor took place at 10 o'clock a. m., to-day, from the residence in South Wayne. Rev. Dr. Moffat officiated.

A gasoline stove in the residence of J. M. McConnell, on South Calhoun street, blew up last night and the fire department went to the scene.

The *Albion Era* says: "A. J. Markey has gone back to Fort Wayne, we understand, to make that place his future home. He had not moved his family to Albion."

Mr. J. H. Ruxton, for several years past general foreman of the yards and round house of the Wabash, St. Louis and Pacific road at Andrews, has just been transferred to the Del Roy yards, near Detroit, succeeding John C. Wills, who goes to the Missouri Pacific road. Mr. Charles H. Wearn succeeds Mr. Ruxton at Andrews. These changes were predicted by *The Sentinel* railroad reporter a month ago.

When the Wabash company surrendered possession of the Toledo, Peoria and Western railway, one of their leased lines, the receivers, Humphrey and Tatt, failed to account for several freight cars which were missing. Yesterday Judge Gresham entered an order on the receivers to pay over within ten days to Brown and Paton, the trustees under the Toledo, Peoria and Western first mortgage, \$3,028.29, the admitted value of the destroyed rolling stock.

The city board of equalization has raised the valuation of the First National bank stock from \$1.05 to \$1.25; that of the Old National bank from \$1.05 to \$1.20; the Hamilton bank from \$1.30 to \$1.75; the Fort Wayne Tenny Electric Light company from \$15,000 to \$50,000; the telephone plant from \$3,000 to \$15,000, and the Western Telegraph company from \$3,000 to \$15,000. These figures will be submitted to the council.

The school trustees have three plots of ground for new buildings to submit to the council. One commodious building will be placed at the southeast corner of Creighton and Holton avenues in the Seventh ward. The price of this ground will be \$1,000. Two thousand dollars will be paid for lots on which to build school buildings at the southwest corner of Miner and DeWald streets, in the Sixth ward. An additional building will be erected at the southeast corner of Fry and Van Buren streets, in Nebraska. The schools will be one-story brick, and will be completed before October 1.

A conference of the parties interested in the reorganization of the Wabash was held yesterday. An effort will be made to get together as many of the householders as possible for a conference with the purchasing committee. The signatures are not binding unless a majority shall be obtained. In case of failure to secure the requisite amount, the committee will, it is stated, go ahead and leave for the directors of the reorganized company to say whether they will pay the full rate of interest or permit the roads to be foreclosed and take the chances of their loss. The time for signing the agreement terminates on September 1.

FRANK HAKE.

The Successful Beer Agent Makes a Big Cut in Prices.

Mr. Frank Hake is an invalid, but he is alive to business and from an arm chair or cot directs his business at his brewing, bottling and mineral works on Wells street. He has an immense establishment there. He employs fifteen assistants, maintains a big stable of horses and operates a half dozen wagons. "I do this right in the city," said Mr. Hake. "I live here and my money goes into circulation here. I pay city taxes as well as county taxes and I believe I can honestly ask people to patronize such home industry."

At present Mr. Hake can not get around to see all his friends, but he does not forget them and as a substantial reminder that he is on top, this great cut in the price of beer is announced:

F. Hake & Co. now receives daily large shipments of the celebrated Milwaukee, Cincinnati and Niagara Lager Beer which they will deliver to any part of the city at the following prices:

	Keg.	Per dozen.
Schlitz Milwaukee,	\$2.00	\$1.00
Webber's Cincinnati,	2.00	1.00
Niagara,	2.25	1.15

Out of town orders respectfully solicited and shipment by express made promptly. These celebrated brands need no recommendation. Order by mail, telephone or telegraph.

F. HAKE & CO., Fort Wayne, Ind.

Mr. Hake has an immense ice house, special transportation cars and all the facilities for presenting the malt liquors to his Fort Wayne patrons as fresh and foaming as they can be had in the cities named. He handles nothing but first-class beer; it is his belief that people who buy want nothing else. Mr. Hake is also making a specialty of mineral waters, and altogether he is in splendid shape to supply the trade and meet competition, with better beer, better prices and plenty of both. Frank Hake & Co. deliver their goods promptly and pleasantly free of cost and such an institution always commands strength and patronage.

Dr. A. Rath is quite ill and cannot attend to his business for some time.

The pain and misery suffered by those who are afflicted with dyspepsia is indescribable. The distress of the body is equalled or surpassed by the confusion and tortures of the mind, thus making its victims suffer double affliction. The relief which is given by Hood's Sarsaparilla has caused thousands to be thankful for this great medicine. It dispels the cause of dyspepsia, and tones up the digestive organs. Try Hood's Sarsaparilla.
